Z-WAVE ELECTRICAL CONTROL ELEMENTS

ZWS 12
ZWS 230

- Z-Wave motor used for operating windows (controller and ZZ60 power supply have to be bought separately).

ZWS 12	£315
ZWS 230	£350

£122

ZRW7

- Z-Wave wall keyboard control can operate up to 12 of FAKRO Z-Wave devices in each of the seven groups.

ZRW7	£128
-------------	-------------

ZRH12

- Designed for all FAKRO Z-Wave devices, also in the SOLAR version. This can control up to 12 devices in 12 groups using an ergonomic joystick.

ZRH12	£123
--------------	-------------

ZRS24

- Multifunctional Z-Wave remote enabling advanced configuration and control all devices on the Z-Wave devices.

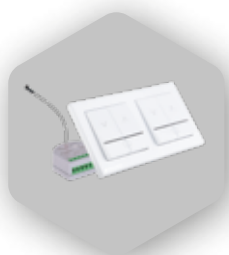

ZRS24	£210
--------------	-------------

ZWL1

- Button and radio module installed in flush mounted box, used for remote control of single Z-Wave receiver or in groups.

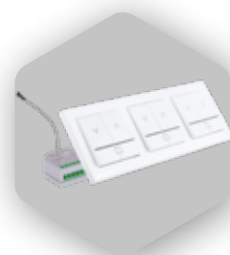

ZWL1	£164
-------------	-------------

ZWL2

- Button and radio module installed in flush mounted box, used for remote control of two Z-Wave receiver or two groups of FAKRO Z-Wave devices.

ZWL2	£164
-------------	-------------

ZWL3

- Button and radio module installed in flush mounted box, used for remote control of three Z-Wave receiver or two groups of FAKRO Z-Wave devices.

ZWL3	£174
-------------	-------------

SAMPLE USE OF FAKRO Z-WAVE PRODUCTS

£114

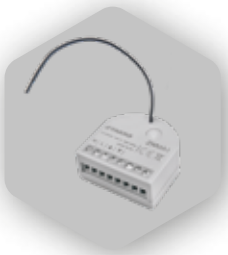

£114

ZZ60 ZZ60H

- Impulse power supply 15VDC to power electric receivers (available in hermetic casing ZZ60h)

ZZ60	£119
-------------	-------------

ZZ60H	£119
--------------	-------------

ZWMA1

- A Z-Wave adaption module used to control one receiver separately or in groups by use of wall button or other control system (230V AC).

ZWMA1	£109
--------------	-------------

ZWMA4

- Z-Wave adaptation module used to control up to four receivers separately or in groups by the use of wall button or other control system (230V AC).

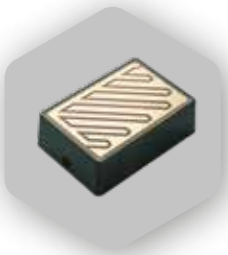

ZWMA4	£216
--------------	-------------

ZWMP

- Weather module used to control Z-Wave receivers by the use of rain sensor ZRD, wind sensor ZWD or smoke sensor ZFD.

ZWMP	£167
-------------	-------------

ZRD

- Sensor in co-operation with ZWMP module, in case of rainfall ensures automatic closing of Z-Wave windows.

ZRD	£94
------------	------------

ZWD

- Sensor in co-operation with ZWMP module, in case of strong gusts of wind automatically closes Z-Wave windows.

ZWD	£76
------------	------------

ZFD

- Sensor in co-operation with ZWMP module, in case of detecting visible smoke, automatically opens Z-Wave windows.

ZFD	£104
------------	-------------
